

EPPM Program: Launching Seminar

The Seminar will launch the 4-year CCOP-Norway Program for Enhancing Public Petroleum Management for the CCOP Member Countries (EPPM). The aim of the Seminar is to provide detailed information on the EPPM Program contents and future plan of activities as well as to enhance the networking of various agencies in the Member Countries and Cooperating Countries/Organizations that will be involved in the Program.

The Goal of EPPM is to create the highest possible value for society from petroleum resources in order to improve the quality of life of the people in the CCOP Member Countries.

The Objectives of the Programme are as follows:

- To enhance the capability and capacity of Member Countries in assessment of the undiscovered petroleum resources with focus on natural gas.
- To enhance the capacity and capability of Member Countries in natural gas development and clean development mechanism & environmental issues.
- To set up an easily accessible metadata on natural gas resources of the CCOP Countries for knowledge sharing & preservation on natural gas resource exploration, exploitation and environmental impact mitigation.

The agreement between Norway and CCOP was signed on 10 July 2008.

Expected Output from the Seminar:

- a. Enhanced understanding of the EPPM Program, the technical activities, case studies and strategic focus
- b. Establishment of working and expert groups
- c. The cooperation and networking of the CCOP Member Countries and partner institutions is further enhanced.

Target Resource Persons and Participants:

- a. Resources persons from CCOP and Norway will be invited
- b. Participants to be invited are the national coordinators & working group leaders, management representatives & senior geoscientists from the oil and gas agencies of the Member Countries, experts from the National Oil Companies and representatives from geoscience research and academic institutions

Date and venue:

9-10 October 2008 in Bangkok, Thailand

EPPM Program: Launching Seminar Program

October 8 – arrival of participants

October 9 – Day 1

0830 Registration

CCOP Technical Secretariat

0900 Opening Ceremony

Welcoming Address

Dr. Hee- Young Chun

Director, CCOP Technical Secretariat

Keynote Address (1)

Mr. Preecha Chansiritanon

Permanent Representative of Thailand to CCOP

Director-General, Department of Mineral Resources

Keynote Address (2)

Ms. Anne Lilleren

Minister Counsellor, Royal Norwegian Embassy in Bangkok

Group Photo

0930 Tea/Coffee

1000 The CCOP Geo-resources Sector

Dr. Nguyen Hong Minh
Geo-Resources Sector Coordinator, CCOP Technical Secretariat

1030 Capacity Building Projects in O & G in CCOP

Mr. Simplicio P. Caluyong
Project Coordinator, CCOP Technical Secretariat

1100 The EPPM Program

- EPPM program profile
- EPPM a learning journey – how this can be sustained?
- Lessons learned from past activities

Mr. Simplicio P. Caluyong
Project Coordinator, CCOP Technical Secretariat

1200 Lunch

1300 Cross- border case studies in CCOP- the lessons learned

Dr. Nguyen Hong Minh
Geo-Resources Sector Coordinator, CCOP Technical Secretariat

1330 Introduction of the Cross- border case study for P1 – Mergui-North Sumatra Basin

- General geology & hydrocarbon potential
- O & G activities
- O & G exploration & development - main challenges

Dr. Hermes Panggabean, The Agency of Geology, Indonesia
Mr. Robert Wong Hin Fatt, PETRONAS, Malaysia
Mr. Tananchai Mahattanachai, Department of Mineral Fuels, Thailand

1500 Tea/Coffee

1530 The Puguang gas field in Sichuan basin of China– a case study for natural gas development issues

Mr. Zeng Ping
Senior Engineer, E&P Research Institute, SINOPEC, China

1600 Natural Gas development

- Technological trends, challenges & solutions
- Issues related to global warming & what are the solutions
- Role of government & industry

Mr. Kjetil Tunglund
Regional Manager, StatoilHydro International, Natural Gas. Asia

1700 Summary for Day 1

1830 Welcome Dinner

October 10: Day2

0830 Opportunities for O & G in the CDM

- Carbon Capture & Storage - where are we now?

Mr. Tor Fjaeran
President Director, StatoilHydro Indonesia

0900 Resource Classification System

- What & who benefits from this system?
- Why the need for a uniform system?
- Latest developments

Mr. Per Blystad
Senior Advisor/ Norad Project Coordinator, Norwegian Petroleum Directorate

1000 Tea/Coffee

1030 Metadata Projects in CCOP- status report

Mrs. Marivic P. Uzarraga
Geo-Information Sector Coordinator, CCOP Technical Secretariat

1100 Metadata system for O & G database

- Importance of a metadata system
- comparing metadata system for O & G database- advantages & disadvantages

*Mr. Knut Henrik Jakobsson
Principal Engineer, Norwegian Petroleum Directorate*

1200 Lunch

1300 POKM to support capacity building in EPPM

- networking structure
- national coordinator, working & expert groups

*Mr. Simplicio P. Caluyong
Project Coordinator, CCOP Technical Secretariat*

1400 Way Forward for EPPM Program

*Mr. Simplicio P. Caluyong
Project Coordinator, CCOP Technical Secretariat*

1500 Tea/Coffee

1530 Summaries & Evaluation

1600 Closing Ceremony

1830 Farewell Dinner
